

— FOR COMMERCIAL P&C BROKERS WRITING CYBER LIABILITY

Get your client's renewal *across the line.*

Real security testing. Underwriter-ready evidence. Delivered on the broker's timeline. Every engagement produces three deliverables — a technical findings report, an underwriter evidence package, and a one-page broker brief. We work through brokers, never around them.

RENEWAL READINESS 01 · PLANNED

Cyber Insurance *Readiness Assessment*

Carrier-specific security testing and documentation that produces the demonstrated evidence underwriters actually trust.

TIMELINE	STARTING AT	CADENCE
4–12 weeks	\$12,000	Annual

- Carrier supplemental mapped to current posture
- Hands-on penetration testing — real exploitation, not scans
- Identity and access path analysis
- Three deliverables: technical, underwriter package, broker brief
- Underwriter interview support at submission

EMERGENCY RECOVERY 02 · UNPLANNED

Renewal Recovery *Sprint*

The carrier said no. We move in same-day, target the objections, and rebuild the submission so coverage can be placed.

TIMELINE	STARTING AT	RESPONSE
10–21 days	\$20,000	Same day

- Same-day intake — no forms, no waiting
- Focused testing scoped to carrier objections
- Day-by-day remediation plan
- Three deliverables ready before re-submission
- 2 emergency slots per month — contact early

§ OUR APPROACH

Built on real *security work.*

Stockade is staffed by certified offensive security practitioners who have tested Fortune 500 networks, exploited Active Directory environments, and operated against mature detection programs. We run the test, prove the controls, and produce the documentation — not self-attestation.

PENETRATION TESTING	RED TEAM	ACTIVE DIRECTORY
CLOUD SECURITY	DETECTION ENGINEERING	MITRE ATT&CK
OSCP · CRT0 CERTIFIED		

Every engagement starts with the specific carrier's supplemental. We test what they verify and document it the way they expect.

§ OUR PROMISE TO BROKERS

You stay the relationship. *Always.*

✓ Non-circumvention

We never approach your client outside scope. Your relationship stays yours.

✓ On time, every engagement

Deliverables on the date committed. Formatted for your carrier.

✓ No surprises

Joint scoping and kickoff. Status updates copied to you on every deliverable.

✓ Underwriter-fluent reporting

Evidence built to be submitted, not deciphered.
